Bangalore

SIR

I have the honour to forward herewith a copy of letter No 1339 of 31-32 dated 25th June 1932 from the President, Town Municipal Council, Kolar, re draft Rules for the control of water-supply in Kolar Town and for imposing the water-rate defined in the said rules and to request you to kindly obtain urgent sarction of Goverrment to the Rules as without them the Municipal Council will not be able to pay the heavy maintenance charges soon after the completition of the 2nd stage of water supply improvement scheme

The draft rules and the resolution of the Municipal Council are herein enclosed

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Kolar District

A R 28632

Letter No 1339/31-32 dated the 22/25th June 1932, from the President, Town Municipal Council, Kolar, to the Deputy Commissioner, Kolar District

===

I have the honour to state that the second stage of Water supply - Improvement Scheme of Kolar Town is expected to be finished by about the end of July 1932 and that after its completition the Municipality will have to spend Rs 8,660/- annually towards the mairtenance of the said water supply scheme as per figures furnished by the Executive Engineer, Water Supply Division To meet these heavy maintenance charges the Council proposed to levy a water rate on private connections and an - estimated receipt of Rs 11,000/- on this behalf as against an expenditure of Rs 8,660/- was sanctioned by Government in the Budget for 1930-31 But the Second stage of water supply Improvement scheme was not begun in - 1930-31 It was begun only during 1931-32 and it was expected that the Municipal Council had to incur the maintenance charges of the scheme for a period of about 6 months during 1931-32 soon after the completion of ~~the about 6 months during 1931-32 soon after the completition of the~~ scheme Accordingly a sum of Rs 5,500/- was provided and sanctioned on the receipt side as against an expenditure of Rs 4,330/- in the Budget for 1931-32 and the second stage will not be completed even during 31 32 and is likely to be completed by about the end of July 1932, as the work is progessing very rapidly In the Budget for 1932-33 a sum of 11,000/- is shown as receipts from the water rate to be levied on - Private connections as against an expenditure of Rs 8,660/- towards the maintenance charges of the Water supply

2 Draft rules under Sections 46 (i) and 59 of the Mysore Municipal - Regulation for the control of water supply and for the levy of a water rate on private tap connections were framed and approved by the Council and objections were invited therefor As no objections were received within the prescribed time the council in their special general meeting on 11-6-1932 confirmed the Rules

rivate connections at present in Kolar and

l for private tap connections

which could not be complied with on account of the low pressure of water supply These applications will be sanctioned immediately after the completion of the second stage As the council has to meet the maintenance charges of water supply improvement scheme from August 1932 or so, soon after the completion of the second stage and as the levy of water rate will also have to be brought into force from that date I request that very early sanction of Government may kindly be obtained to the said Rules

4 Copies of the resolutions on the subject together with a copy of the Rules are herein enclosed for information

Office of the President
Town municipal Council, Kolar
Dated Kolar the 3rd May 1932

Notification

Notice is hereby given to the inhabitants of Kolar Town that the Kolar Town municipal Council desire to bring in to force the rules appended below for the control of water supply in Kolar Town and to impose the water rate defined in the said rules

Any inhabitant of the municipality objecting to the proposed rules and to the levy of water-rate described therein, may within one month from the date of the publication of this notification send his objections, if any, in writing to the municipal Council Kolar Objections received after the due date will be rejected

Kolar Town municipal Council Draft rules framed by the Kolar Town municipal Council under Section 46(1) and 59 of the Mysore municipal Regulation for the control of water supply in Kolar Town

(a) "Private Connection" means the pipes with stop cocks and other apparatus connected therewith by which water will be supplied from municipal water pipes to private premises

(b) "To stop a private connection" means to prevent water from entering into the private connection by turning a stop cock or otherwise without disconnection

(c) "To cut off a private connection" means to disconnect the private connection from the municipal pipes

Private connections may be sanctioned by the municipal Council only on the application of the owner of the property or his authorised agent or the occupier with the written Consent of the owner provided that it shall always be within the power of the municipality to grant or refuse such applications

) Private connection may be sanctioned by the municipal Council only on the following general conditions with which any Special Condition may be added in any particular case

(a) That the private Service pipes connected with the municipal main and all other works and apparatus within the premises of the applicant connected there with shall be of such charact as to conform to one of the standard for the time being approved by the municipality with such variations there from as the council by written order may permit in the particular case

(b) That private connections shall be laid or repaired or fixed at the expense of the applicant by a plumber, or a Contractor approved or employed by the municipality

(c) That the applicant provides the municipality with a plan showing how the municipal Pipes and drains lie and where Stop Cocks Pipes and taps he intends to have in his premises

(d) That a stop cock shall be provided invariably to a private connection at the cost of the applicant to regulate the water Supply to his house

(e) That if and when the municipal mains, or Sub lines are changed from their present positn or related by the municipal Council the applicant shall have the pipe lines leading to their houses altered at their own cost to suit the main or Sub lines which are changed

) The water supplied by the municipality is intended Primarily for domestic use and no persons shall use water from a private connection for the purposes of any factory, or for irrigation through water channels or for watering plants or gardening purposes or for hotels and Coffee clubs except with the written permission of the President which permission may be given by levying the special water-rate mentioned in rule 5(b) mentioned below

A water rate of Rs 6/-, Rs 12/-, Rs 18/- and Rs 24/- per annum shall be leviable for private connections according as the annual value for assessment on the premises excluding the cesses thereon is
(i) less than Rs 24/- per year - - - Rs 6/- per annum
(ii) Rs 24/- and over and less than Rs 50/- Rs 12/- do
(iii) Rs 50/- and over and less than Rs 100/- Rs 18/- do
(iv) Rs 100/- and over - - - - - Rs 24/- do

(b) Double the water rate mentioned in 5(a) above shall be leviable for private connections when they are given or used for hotels, and Coffee clubs or gardens or factories or irrigation purposes or for watering plants or gardening purposes

(c) The water rate levied under 5(a) and (b) above will be in addition to the general water tax sanctioned in Government order No (10 G 2 30 / Rev G 3 30 120 dated 30 6 31

(d) For houses taking 1/2" inch connections a maximum of 2 taps will be given and 3/4" inch connections 3 taps will be given

6) The president may prescribe from time to time by public notice the hours between which the private connections of the several localities are to be stopped and may stop all or any of the private connections in case of urgent public exigences such as scarcity of water, outbreak of fire etc after due notice thereof

7) Every owner or occupier of any premises through which a private connection passes shall at all times give to the municipal president, vice president and Sanitary Inspector and all persons bearing a written authority in this behalf from the president or vice president free access to such premises so far as is necessary for the purpose of inspection of the private connection and every ~~facility~~ reasonable facility he may demand for such purpose provided that at least three hours notice be given of such intention to enter any occupied house and that due regard be paid to the special and religious customs of the occupants.

Water rate leviable under rule 5(a) and (b) above shall be leviable half yearly in advance in the same way as the Mohatarfa tax.

i) Khatedars and persons paying the Mohatarfa on the buildings or premises shall be primarily responsible for the payment of this water rate and tenants and occupiers of buildings shall be responsible for the payment of this water rate to the extent contemplated in the proviso to section 68 of the Mysore Municipal Regulation

ii) Rules which govern from time to time the issue of bills notices, and distraint warrants and the grant of remissions refunds and exemptions relating to the Mohatarfa tax shall apply mutatis mutandis to this water rate also.

iii) The President may at any time stop or cut off completely a Private Connection in any of the following events with out any prejudice to the right of the municipality to recover the arrears of water rate if any under rule 10 above

(i) On default of payment of water rate or other charges in respect of the private Connection within 15 days from the service of a notice therefor till all arrears are paid

(ii) In case of breakage or damage to pipes or of defects in the Private connection till breakage, damage or defect is made good to the satisfaction of the President.

(iii) In case of loss of water till measures are taken to the satisfaction of the president to prevent the occurrence of such wastage.

(iv) In case of the private connection being without the permission of the president extended or altered beyond what is shown in the sanction plan until such extension or alteration is removed

(v) In case of breach of rule 7 above until free access is permitted provided that the President immediately on taking such action gives the owner of the private connection written information thereof
